**Sun and fun in Florida**

Sally and Philip are from Chicago, a big city in the USA. They went on a holiday to Florida. They had one week to see the sights. Look at their travel diary and put the texts in the right order. Then draw their travel route on the map. And then, say what is true and what is false.

Saturday: Drove to Naples. Went on an airboat tour of Everglades National Park. A real adventure! We saw exotic birds and lots of alligators!

Thursday: Had a fantastic day at Disney World Park near Orlando. Went to a dinner show. The food was excellent. But it was expensive, too!

Visited the Kennedy Space Center near Cocoa Beach on Wednesday. Took a photo of Phil in an astronaut's suit!

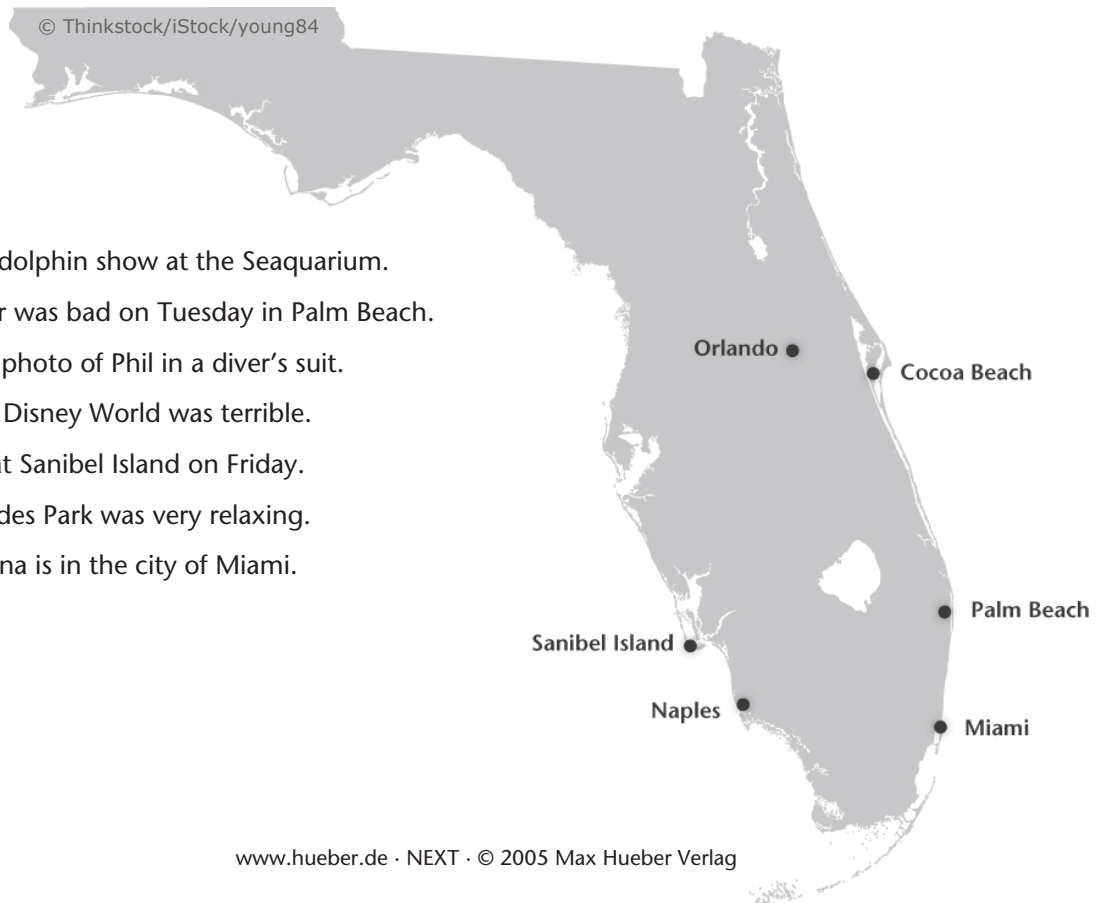

Tuesday: Drove to Palm Beach. Had a relaxing day in the sun!

Sanibel Island was great! Were on the beach for hours on Friday looking for seashells.

Flew to Miami on Monday. Went to our hotel. Then saw a great dolphin show at the Seaquarium!

Sunday already! The week went so fast. Drove back to Miami. Had lunch in Little Havanna, the Cuban part of the city. Then flew home.
